

eMagine media festival

eMagine is a media festival for animation, graphic design, video, and web design event for high school students to show their media work on the big screen and shine as young professionals.

In Academy Awards fashion, final entries in each category will be shown on the big screen. Second and third place will receive a certificate and the winner will receive the prestigious Pixel.

The Arts Institute International will present the Best of Category and Best of Show awards at the end of the evening.

Festivities begin at 7pm

A cookie reception will take place at the conclusion of the awards ceremony.
